

Swine Product Guide

Quality and Integrity

"The priceless ingredient in every product is the honor and integrity of the person who makes it."

Raising pigs is fun. Whether your family raises pigs for a fun activity or to bring the meat to market, we know that giving them the best care is important. A well-balanced diet that includes energy, protein, vitamins, minerals and other essential nutrients is vital for their overall health and development.

We have several stock feeds available that will aid in nutrition in these areas. In addition to our stock feeds, we also love to *formulate custom rations for our customers so you can get the exact standard that you are looking for in your pigs. No matter what you're looking for, our goal is to ensure that you've got exactly what you need.

***A minimum of 40 bags is required for custom formulas.**

Introducing

AMINO POWER SHOW FEED

Partnering with Rockingham Cooperative, we are introducing our new Amino Power Show Feed. The Amino Power Show Feed is a full-line of products for four (cattle, hogs, goats & lambs) show species that offers a cost-effective show feed for youth exhibitors providing high-quality nutrition to your livestock while not weighing too heavy on the exhibitors pocket book.

This feed was specifically formulated with the athlete's best nutrition in mind. A synergistic relationship between our ingredients allows for continual absorption of protein throughout the entire digestion process and a greater return on your investment. "Feed With A Purpose"- know what ingredients you are putting in front of your market project, and have confidence in knowing they are the right fit for your goals!

\$1 from every bag purchased goes to support our local 4H & FFA!

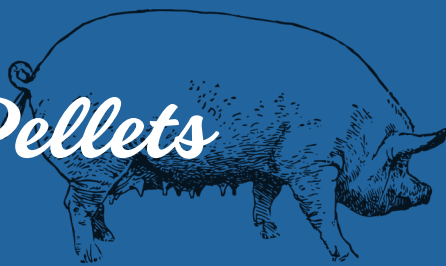

4-H and FFA programs provide an educational experience, setting them up for success in their life and career. Deal-Rite Feeds wishes to support these hardworking youth by investing \$1 from every bag purchased into our service area youth programs.

We are an authorized Amino Power Show Feed Dealer via

AP Show Pig Pellets

Benefits

No matter the species, Amino Power Show Feed has the most diverse and intricate amino acid profile of any show feed in the marketplace. The mixture of synergistic ingredients allows for maximum absorption of nutrients throughout its entire journey through the digestive system. Amino Power Show Feed will maximize the genetic potential of your livestock to create more athletic, efficient and profitable projects.

Feeding Directions:

Feed continuously as sole ration at the rate of 1-4 pounds/head/day or to desired level of performance, combined with free choice high-quality forage and fresh water.

Caution: Do not feed to sheep or other copper sensitive species.
